

Topic:

The Moon

Aim:

<p>1. What are the motions of the Moon?</p>	<p>a. Moon's period of rotation = _____</p> <p>b. Moon's Period of revolution = _____</p> <p>c. _____</p> <p>_____</p> <p>_____</p>
<p>2. What causes the phases of the Moon?</p>	<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>

The numbered positions represent where the Moon is in its orbit around the Earth

The circles that you shaded illustrate the phase of Moon observed from the Earth when Moon is at that position.
